The said free access shall extend to the vehicles carrying the aforementioned individuals in order for them to reach their final destination. *xxx*

However, pursuant to Inter-Agency Task Force-IED Resolution No. 23, Series of 2020 approved on 13 April 2020, “all medical and allied healthcare professionals with perfected and signed overseas employment contracts as of 08 March 2020 shall be allowed for deployment abroad upon the execution of the Declaration signifying their knowledge and understanding of the risks involved as advised by the Philippine government”.

As such, the following categories of health care workers shall be allowed to proceed to their overseas employment:

New hire health care workers through private recruitment agencies whose request for processing (RFP) documents were submitted to POEA on or before March 8, 2020 may be issued with OECs that would serve as their exit permit subject to applicable conditions set forth in POEA Memorandum Circular No. 7, Series of 2020 and GBR No. 9 Series of 2020 particularly those in compliance with the quarantine protocols, social distancing measures, as well as departure and immigration procedures currently in place.

*xxx*

Previous IATF directives and POEA Governing Board Resolutions restricting the deployment of landbased or seabased overseas Filipino workers to countries with travel restrictions remain in effect until further amended.

Existing POEA Rules and Regulations on the documentation of OFWs, processing of employment contracts, accreditation of foreign principals and the issuance of overseas employment certificates (OECs) remain enforced.

For the safety of the transacting public, this Advisory shall be applied consistent with the minimum health and safety standards, social distancing measures and appointment systems instituted by the POEA.
