

及早檢測和診斷

為了確保僱主和外傭的健康與安全，我們建議您儘早進行病毒檢測和醫學檢查。除了公立醫院和普通門診診所（GOPC）的急診科外，您還可以訪問私人診所和醫院。以下選項可為COVID-19測試提供最快的結果，該結果需時大約兩個小時至兩個工作天。

在私家醫院接受檢查

香港有12間私家醫院。以下是在其門診部門提供的新冠病毒測試。除非另有說明，否則應親身前往進行測試。請注意，某些門診診所可能不會接受可疑或高風險的病例，而會傾向將這些患者送往公營部門。

		價錢	方法	合資格的情況
1	養和醫院 (2835 8605)	診症：\$320 測試（包含診症、深喉唾液測試和檢測報告）：\$1,800	下午5時前提交樣本可在當天取得結果	沒有症狀 沒有與確診者接觸過

COVID-19 Tests in Hong Kong:

To ensure the health and safety of both employers and workers, early testing and detection of COVID-19 is extremely important. Appropriate diagnosis and medical test are highly recommended at the earliest possible time. Apart from the accident and emergency departments of public hospitals and general out-patient clinics (GOPCs), you may also visit private clinics and hospitals. The following options render the quickest results for the COVID-19 test, which will process around 2 hours to 2 days.

Current Testing Options for COVID-19 in Private Hospitals

There are 12 private hospitals in Hong Kong. Below are the ones offering COVID-19 tests within their outpatient departments. Tests are done in person unless specified otherwise. Please note that some outpatient clinics may not accept suspected or high risk cases and prefer sending these patients to the public sector.

	Company	Price	Procedure	Eligibility	Appointment
1	Hong Kong Sanatorium & Hospital (2835 8605)	Package including one-time consultation + deep throat saliva test + test result report: \$1,800	Results within the same day for sample submission before 5pm	Not eligible if you: – have recent travel/contact history and symptoms – for more details	Online booking

At-home COVID-19 testing in Hong Kong

- Hong Kong home care company Evercare now provides COVID-19 tests performed by a nurse at home or in the office for HKD 2,200/person (HKD 1,800/person for groups of 5 or above), with results within 1 to 2 days via email (additional HKD 500 for same day results, HKD 800 for health certificate + phone consultation and original copy couriered to your home).
- Instaspecialist also provides tests performed by a nurse at home, after a doctor consultation, with results on the same day.
- DNA-testing company Prenetics has launched a new initiative called “Project Screen”. It offers at-home COVID-19 testing, via a Physician and WHO-recommended RT-PCR lab test. The results will tell you if you are positive or negative for COVID-19, based on validated studies by the National Health Commission and the US FDA.
